

It is our understanding that this new service expansion would allow new stations to take priority over already existing translator broadcasts. Hundreds of thousands of people listen to Air 1 on FM translators. We love our Air 1 radio station. If Air 1 was to be displaced by an LPFM broadcaster providing other programming Savannah would be without a Christian Rock station that is aimed at the young adult demographic. This is a very important and very appreciated niche that we are very grateful for as we have 4 children who join us in listening everyday to Air 1. Please do not take our Air 1 away!
